Visinski izvor / Elevations source:
SRTM ~30m
Visine u metrima / Elevations in meters
Ekvidistanca 10m / Contours at 10m interval
Slojnice su ekstrapolirane iz mreže točaka svakih 30m te predstavljaju oblik terena, a ne točne visine.
Contours are extrapolated from 30m point grid and represent terrain shape and not exact heights.
